195,312,500 Flies! And Every One a Disease Carrier

Visit Our "Congress of Fly-Killers

A careful, painstaking scientist, with the aid of an adding machine, has calculated that one ordinary, humble house fly wil produce 195.812,500 offspring each year. Each one of these off-spring, as each parent, is a disease carrier. Hence, every time you kill a fly you are very materially preventing the spread of typhoid and other diseases. We have assembled a collection of the various simple devices

to kill flies. Come and see them. It is very easy to kill the to kill flies. Come and see them. It is very easy to kill the annoying germ-carrying, disease-breeding pests with our fly killers.

Flistikon — Triangular tin from which runs a gemmed tape. Suspend the tin from the chandelier and pull out a length of tape. As the flies adhere, cut off the tape and draw out a clean section.

Poison Fly Paper. Placed in a saucer of warm, sweetened water, it will attract flies and instantly kill them. Six sheets in a package. 5c package; our price, 2c per pack.

package; our price, 2c per pack- 5 c sheets for 5c.

Do not rest content with killing the flies. Attack all laces about your premises where the insects may breed. Damp spots are a favorite breeding place, as are garbage cans, barns, kennels, drains, cesspools, standing water, dirt piles, etc. Clean up, disinfect and keep sweet and clean. Disinfection is necessary to keep the health-menacing fly from increasing in numbers.

Riker's Carbolic Desinfectant breeding germs, prevents contagion, and Deodorizer, per pint, 15c; per quart, 25c.

Jaynes' Disinfectant; a solution of the chlorides; destroys disease the chlorides; destroys disease the chloride of Lime, 4c, 6c and 8c.

While carrying on your campaign against the fly do not neglect other dangerous insects. Bed bugs, water bugs, roaches and ants bring ills of their own. When it is only a question of a visit to a Riker and Hegeman store to secure the proper de-

stroyer, why be troubled by pests?

Jaynes' Magic Insect Powder promp'ly kills water bugs, roaches and ants; fleas on cats and dogs; lice on birds and poultry. Will destroy every variety of insect life on furs, carpets, clothing and plants. Always used with a powder blower (or 'gun''), 18c. 23c, 39c, 69c.

(Guaranteed satisfactory or money refunded.)

When You Are Hot and Tired

and your hair, instead of being your crown of glory, is the abiding place of discomfort, you can obtain rest, relief and hair help in the Riker and Hegeman hair goods departments. In Summer nothing makes you so uncom-fortable, nothing detracts so much from your appearance, as limp and spiritless hair. It makes you limp and spiritless and it makes you look so. A few moments in our hair goods departments and the helpful advice of our skilful,

expert attendants will relieve you from hot weather hair difficulties. Neatness, freshness, the sense of coolness are impossible with hair that looks weather worn, dust worn and heat worn. Yet a perfect hair toilette is possible for any woman who will talk with our expert hair dressers and designers.

Our beauty parlors at 23d St. and 6th Ave. are cool and comfortable. They are just the place to spend a half hour or so in the midst of your shopping. Situated right on the corner at the top of the building, with no interfering high buildings on any open side, they are bound to catch a breeze every hour any day. No artificial light necessary. All our work is done in the comfortable, clear daylight.
